

Dear Colleagues:

I am writing to provide an update on the status of the Cell Culture Facility (CCF) services at the Parnassus campus.

Parnassus Resale Unit Store and Self-Service Supply Center

The Parnassus storeroom will close on July 21. After that time, supplies may be purchased from the Lifetech Self-Service Supply Center with 24/7 product availability and also through UCSF's e-procurement system, BearBuy. The Parnassus unit will be located at the 9th floor HSW/HSE breezeway and is expected to be operational as of July 21.

If you have any questions, please contact [Greg Macway](#) in Supply Chain Management.

Sincerely,

Brian Smith
Associate Vice Chancellor, Research Infrastructure and Operations
